### Purchase and Supply

### Management

National Apprenticeship Service

#### Overview

Purchase and Supply Management is part of the logistics sector which is a vital part of the business economy. It is responsible for the employment (directly and indirectly) of approximately 1.9 million people.

The role of operators within the supply chain function is primarily to ensure the purchasing and supply of goods and services are of the appropriate quality, quantity and price from a suitable source and to make sure they are delivered to the right place at the right time.

The Purchasing and Supply Management Apprenticeship is for all people who contribute to the management of supply chain activities across the economy.

This framework offers apprentices the opportunity to progress to a Level 4 NVQ qualification through a structured program of learning pathways, 45% of those currently working in Purchasing and Supply roles hold a qualification at NVQ Level 4 or above.

Starting salary (once qualified):  
£13,500.

#### What is an Apprenticeship

An Apprenticeship is a mix of real work and learning. Apprentices earn a wage and get experience whilst working towards a number of qualifications. An Apprenticeship follows a Level 2 programme and can lead onto an Advanced Apprenticeship which is a Level 3 programme.

#### Example Job Roles as an Apprentice
